

HOSTING IN MANAGEMENT EXTERNAL PERSONS

**Outsource
your work**

You want to enjoy the full functionality of our VISIT without having to buy new hardware or placing an additional burden on your IT department?

Then let us take you by the hand with our **Visitor Management as a Service (VMaaS)** model. In addition to the fact that your internal IT costs are reduced to a minimum, our „VISIT Cloud“ naturally offers many other advantages for your company.

ADVANTAGES FOR YOUR COMPANY

- Everything is set up - from ID card allocation to access control connection
- Calculable IT and software costs
- Easy access via web browser
- Maximum security for your data
- Available anywhere and at any time
- Low initial investment

WHAT DOES THAT MEAN IN CONCRETE TERMS?

We take over the provision of the IT infrastructure and all the necessary system requirements, make the desired range of functions available and and permanently ensure the smooth operation of your VISIT.

**And, of course, securely and in accordance with
the highest data protection guidelines.**
